

VISIT THE ILLINOIS WATERWAY VISITOR CENTER

Watch impressive towboats of mammoth proportions navigating through the Starved Rock Lock. Plus, view our displays to learn about the modern lock and dam system as well as the historic I&M Canal. We have a theater, an elevator for easy access, and an expanded viewing balcony.

Please remember to be safe as you enjoy our waterways!

- We offer state-approved boating classes free to the public, plus boat safety checks.
- Wear your life jackets while on the water.
- Be safe! Don't drink and boat!
